“Never underestimate the valuable and important difference you make in every life you reach.”

Each year, Great Circle has an opportunity to share its impact by the numbers. You will find many here.

Numbers tell a story.

Because they do, we are grateful for the ability to pause and evaluate our progress each year. Through an annual overview, we can provide communities and our partners, funders and donors with a better understanding of how our work supports children and strengthens families - and how it ultimately achieves societal change for the better.

While our story here is measured by our impact in serving thousands, our dedicated staff also measure success by compassionately addressing the unique needs of each child and every family they serve. In this way, we have the tremendous privilege of also measuring our progress through the small miracles witnessed daily and knowing that hope is built or rekindled for generations to come.

It is an honor to share our impact in 2019 by showing the scope of our work in numbers and through stories big and small. We thank all who support us in this journey.

WHO WE ARE

Great Circle is an agency that provides a unique spectrum of behavioral health services to children and families. With specialized programs and highly trained professionals, we provide hope to those in difficult circumstances in Missouri, Kansas and beyond.

OUR APPROACH

At Great Circle, we meet people where they are. We provide them with the support they need to succeed and thrive, because we believe life challenges are not meant to be faced alone.

We work daily to build positive relationships, because we know they are key to healing past traumas and fostering resiliency.
