Change that matters.

STATEWIDE IMPACT REPORT 2017
WELCOME

“We have a bold vision to provide every individual and family in Missouri access to high-quality, effective, responsive, and preventative behavioral health care, giving families a highly-reliable place to turn to when facing difficult times or struggling with circumstances beyond their control.

This saying often comes to mind when I think about the work we do at Great Circle, and how that work impacts our communities across Missouri. Behavioral health focuses on improving much that can’t always be seen from the outside. So how do we know we’re making a difference?

There is a lot of data in this report that demonstrates the value of the work we do. We pride ourselves on our evidence base of quantitative and qualitative data that helps us continually evaluate our effectiveness and improve care to those we serve.

But I also know that data can never quite quantify the moment a child finds the right key to finally unlock their learning potential. Or the look on a mother’s face as she sends her son with autism off to his very first summer camp. It’s when one puts the two together, that the full picture of Great Circle’s impact becomes clear.

Vince Hillyer, CEO & President
MEETING MORE NEED

34,608 lives touched

* Includes 362 from newly formed Southeast Region

CENTRAL REGION: 4,313
EASTERN REGION*: 9,738
